Your facility is listed as: LQG.

The Arizona Department of Environmental Quality (ADEQ) has issued the above RCRA EPA ID number to your site. This number also referred to as "RCRA ID" is to be used on transport manifests and any other hazardous waste documents required under Subtitle C of RCRA.

This number is site specific and is to be used for the waste activity at this site only. If there are any changes to RCRA regulated activity at the above site, you must update the information immediately. If your facility ceases operations at this specific site you must deactivate this RCRA EPA ID. If your facility moves to a new location, you must apply for a new RCRA EPA ID prior to generating RCRA waste at the new location. You cannot use the EPA ID number assigned to your previous location. Your new location will be assigned a new EPA ID number specific to that site.

If your facility's RCRA waste activity at this site ceases because of closure or change of location, you must request deactivation of the EPA ID number assigned to this location. Failure to deactivate will require you to submit annual waste generation reports.

If you have any questions, or need assistance, please contact ADEQ at (602) 771-4173.
